Customer Reviews

This book inspires us and we realize that time is money. Successful people sacrifice the small, avoidable distractions to ensure that more important work gets done, on time, every time. They have identified time leaks and have effectively plugged them to ensure they get most out of every minute. You can train yourself to see the opportunity cost of each minute in the day. The time you would have spent building assets shouldnâ ™t be spent going over pointless things.

Elon Musk is a leader in business and I'm glad that I read this book. It was a quick read but an inspiring one at that. Reading about Elon's biography, it encouraged me to do better at what I'm doing now. I will use the lessons from this book to learn and grow, I know that the best way to achieve success is to model successful people, that's why I bought this book in the first place.

The authos has given key information to success in exercising, as well as information that will help improve health along the way.also it contains information about how to accommodate our new workout regimen through diet, hydration, vitamins, minerals and spacing our our workout throughout a six-day regimen with a one-day break that our muscles cab regenerate.very interesting book. highly recommended.

It's an impressive book to read! I'm always reading and learning from successful people. Elon Musk is a leader in business and I'm glad that I read this book.
