Practical Business Math Procedures With Business Math Handbook

Synopsis

The Twelfth Edition of Practical Business Math Procedures provides students with an engaging and personalized way to learn, therefore leading to success in the classroom and beyond. Respected authors, Jeffrey Slater and Sharon Wittry, incorporate examples from the Wall Street Journal and Kiplinger throughout the entirety of the text to reinforce real-world application of business math.Â Every chapter concludes with the Surf to Save exercises, which encourage students to apply the chapter material to their own lives while utilizing the Internetâ™s abundant resources. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Customer Reviews

Everything was good with the book except it came with no online code (had to buy it for \$60 extra from book website) and its missing some pages including pages that have end of chapter questions that I needed for homework.

it states full version but sends you the brief version now i am screwed for the rest of the semester

The order did not come with an online code. Do not buy if that's what you need.

says full version but it is the Limited version.

Its only the breif version! Totally screwed me over when I passed chapter 12 because this ebook stops at chapter 12! I'm super pissed!!!
