Auditing & Assurance Services, 5th Edition

Synopsis

This text has been written so that it is current with all issues inherent in accounting and auditing practice, particularly in public accounting firms including coverage of the creation of the Public Companies Accounting Oversight Board, the passage of the Sarbanes-Oxley Act, and all of the major pronouncements issued by the AICPA. The text is also designed to provide flexibility for instructors; the twelve chapters focus on the auditing process while the eight modules provide additional topics that can be taught at the instructors' discretion without interrupting the flow of the text.

Book Information

Hardcover: 896 pages

Publisher: Irwin/McGraw-Hill; 5th edition (February 1, 2012)

Language: English

Customer Reviews

This book also comes with MyConnect from the publisher which makes every chapter understandable and helps put things in perspective. Auditing can be boring but articles that was included in each chapter, kept me interested.

good textbook for learning audit and attestation. good for cpa practice as it has actual cpa questions after each chapter.

excellent condition and very detailed
