How To Communicate With Animals - The Basic Course

Synopsis

Reawaken your telepathic connection with all of life and experience the joy of understanding other species, from dogs, cats, and horses to whales, birds, and butterflies. In this two CD recording and accompanying course booklet, Smith clearly guides you through the topics, exercises, and practical guidance found in a live Basic Course. It is intended for those who cannot attend a course in-person with an instructor, and is also effective for continued practice of the materials after attending a Basic Course. As a founding pioneer in the field of telepathic communication with animals and author of the classic books, *Animal Talk*, *When Animals Speak*, and *Animals in Spirit*, Penelope Smith began teaching how to communicate with animals in the 1970 s. Since that time she has tested, expanded, and refined the methods found in the Basic Course, teaching thousands of students all over the world to rediscover and develop their telepathic connection with other species. Many animal communicators around the world have also apprenticed with Smith to teach this course. Reading Smith' s book, *Animal Talk*, is a prerequisite to attending the Basic Course in-person. To derive the maximum benefit from this two-CD audio recording it is recommended that you read *Animal Talk* before you begin. It is also helpful to read *Animal Talk* again after you have practiced your skills for awhile.

I just began this course. It is easy to follow and learn from. My only complaint is that some of the training exercises require a partner. I do not have anyone to practice with. I wish the exercises were able to be completed alone.

If you do not have a human partner to practice with you will be disappointed in much of the practical exercise portion of the course. Beyond that, Penelope is not called the Grandmother of Animal Communication for nothing!

Practical and very nice. I especially like the singing, in the beginning of the cd 1 , it is very calming. Only problem is that you have to have a partner to practice....

Pretty good. The only thing is that you need a practice partner to move along with the exercises.
