# Essentials Of Federal Income Taxation For Individuals And Business (2016)

## Synopsis

Essentials of Federal Income Taxation for Individuals and Business by Linda M. Johnson features an easy-reading, straightforward forms approach that is both simple and direct without complex legal language. It introduces basic tax concepts and then fully illustrates them with clear examples and helpful filled-in forms. Organized to save time, Essentials of Federal Income Taxation builds a firm foundation on which to build students' knowledge and understanding of the tax issues which will affect them throughout their careers. Features include:- Concise presentation that covers all the basic material required for an introductory tax course.- Organization that clearly focuses student attention on key concepts and important learning objectives for better overall comprehension.- Use of IRS forms, schedules and worksheets that develop real-world tax preparation skills and illustrate specific reporting requirements.- Filled-in forms that support the explanatory material, so students see actual tax compliance, in practice.- Tax Tips throughout the text that offer tax-planning guidance, so students see how to minimize tax liability and avoid costly taxpayer mistakes. - End of Chapter Questions and Problems that reinforce the salient points presented, as well as key skills required in tax prep. - Special Comprehensive Problems that integrate the major concepts from several chapters to help students "put the pieces together" and prepare for examination. To speed course preparation and to help teachers make the transition from other textbooks, a comprehensive Instructor's Guide is available to adopting teachers. The CCH Classroom Essentials CD includes:1) An electronic file of the entire Instructor's Guide, so teachers can access all the great information contained in the print Instructor's Guide at their office/home PC or on their laptop. 2) Respondus-ready and Microsoft® Word files of the Testbank questions created by the textbook authors for all chapters in the book. These files allow instructors to customize their own tests. 3) CCH's Computer Slide Presentations for each chapter that help enhance and facilitate class lectures and discussion. In addition, a one-year subscription to the CCH Essentials Internet Tax Research Library (EPIG) is available free to teachers who adopt 10 or more copies of Essentials of Federal Income Taxation textbook for the classroom. Teachers can use their free subscription for classroom presentations to demonstrate live tax research, or in their accounting lab/library for researching specific issues in depth.

## Customer Reviews

I'm taking taxation right now and this book is very helpful. It teaches you the fundamentals what you're eligible to deduct, what you can get credit for and much more. I even recommend this book for anyone who isn't taking a tax class. It's basically useful for everyone who pays taxes each year. If you have children, self-employed, making over \$200,000 as a household or married but living separately, this book is good for you. Don't trust everything your tax preparer tells you, understand the facts before you file your taxes. This book is worth the price, HOWEVER, the 2009 edition is the same as the 2008 edition so if your instructor requires 2009, the 2008 is good enough because the problems are the same. If you're using this book for personal use or as a reference, a 2006 is plenty enough, or get whatever is cheapest. Even though the numbers vary year by year (you can always find the update online), the logic are the same.

I mean, it's a income tax textbook, it's pretty boring! :) But I aced the class and can do people's taxes if needed. :) Got any back taxes anyone? :)

Great for what it was used for

The only thing that would make this book better is if it came w/ a digital copy so I could electronically search the topics I need

Even though the ISBN is the same, the book I purchased/received does not have CD on the cover as shown in the picture; instead I received this textbook and another book-2009 tax guide.
