i've read your series 4 times this series is so good it's awesome but seriously you need TO ADD BOOK EIGHT !! I might kill you if I see you in minecraff on PE or PC and if u don't nowhat.PE stands for it stands for poket edition and PC stand for computer editiom. so look out i might kill you oh and by the way my username is.Legowarrior70 in PC and tronverly in PE

This book was cool & awasome! Worth the money, worth the wait, and worth the time taken to read it. It is December 6, 2015. Can you list my name (Brian) in the next book? I think the snow much fun should be released around December or january. Thank you for reding my review, especially if you are the "Minecrafty family!"

I don't go by my first name and initials or whatnot like that on . Here, I'm Astro Cat. Just Astro Cat.
:PThis series is just amazing, but can you please make books faster? I actually started to think you had quit making them! Also, why do you have so many authors for it? Just wondering XDOf course, I'm not all complaints. I love that you add the "good news" and "bad news" at the beginning of each entry. It sort of... gives me a heads up. As in, when the good news is "I'm alive" I know something ridiculously horrible is gonna happen to him. Maybe, you should actually let him know that he can respawn. I mean, wouldn't you think it's strange that all this time he hasn't died once?I love your creativity, length of the books, and ability to write this whole book as a family. It's... impressive! Also that you're the first to make a Minecraft diary. I actually never knew that until I read the authors note

in this book. I can't wait for him to get back to the real world and use all his Minecraft wisdom to beat Dirk the jerk in the competition!

This book(in my opinion)is the best of the series because:1.It had lots of fun puzzles2.It had a giant slime.3.Too many to list.Anyway my name is Toby C and i really liked this book.I also cant wait for Snow Much Fun!P.S if you dont put my name in the next book that is okay because i am writing this about two months after this was relased.

This book was awesome! In this book wimpy Steve has to find parts to build a bridge to get to a floating book table to get to the next world. a MUST HAVE for Minecraft fans and I can't wait for the next book to come out!

i guess i like it but now i think steve the noob is way way way better.no offense but steve the noob makes like one book in two weeks.way better than nine extremely long months.pain in the bum.im not actually just called shadow.i rather be called Shadowgirl1963.

i am reviewing that this series is great and second customer who rated this 1 star, SHUTUP! DOES STEVE THE NOOB BOOK SERIES HAVE LONG GOOD QUALITY LIKE THIS BOOK HAS?! HUH?! So anyways, thank you soo much author for making good quality books in a about 2ish months, this truly is one of myy favourite series! :)

It was tttttooootally pancakes!!!!!! (AWESOME!!!) I loved the good news: bad news: although it did take awhile to come out it was totally amazing!! I liked that your doing a christmassy theme now; you should make wimpy steve try to make a snowman but come up with a snow Gollum.
