Customer Reviews

I've recently completed the ENTIRE German course by Michel Thomas. The results are nothing short of incredible! (By the entire course I refer to all 'sub-courses': Start, Total, Perfect, Masterclass). At many points along the way there's a substantial sense of accomplishment. First, when finishing the first 2 hours of the course, you are already familiar with several sentence structures. By the end of the Total course, You reach a point where you have a solid grasp of basic

to intermediate sentence structures, and by the end of the Perfect course you get a very firm grasp of all sentence structures in use, being able to both understand sentences in German, and construct your own, no matter how complex they may be. It took me around 70 hours of listening, spread over 3.5 months to finish the courses, mostly listening to the recordings while driving! By 70 hours I refer to the time I spent on the courses, which includes pausing the recordings, rewinding, etc. No homework was required, no extra work of any kind. Note, as you'll often read in reviews of the method, Michel's accent in the 4 languages he taught was far from native-like. However, this poses little to no problem. This is because he does put an emphasis on pronunciation key points, which, if mastered, allow you to be perfectly understood. To further help with pronunciation, on the segments that focus on vocabulary, you have native German speakers, who read in German the sentences you are asked to translate from English. So, in conclusion, I highly recommend courses by Michel Thomas!

the recording quality is very poor. Especially between the Students. Michel Thomas is very clear. But the students all sound like Mickey Mouse.
