# How To Trust Your Vibes At Work And Let Them Work For You 4-CD

## Synopsis

As a professional, six-sensory, intuitive consultant and teacher, Sonia Choquette has worked with thousands of people from all over the world who seek advice and direction, especially regarding their jobs. For many of her clients and students, work woes have become all-consuming, and in these uncertain economic times, they seem to have completely taken over their lives, filling them with anxiety, stress, and dissatisfaction. However, not all of Sonia's clients fall into this category. Some of them are, in every sense, masters of the game in the arena of work, and are immune to professional woes of any kind. Are these trust-fund babies? Harvard graduates? Lottery winners? Or are they just plain lucky? The answer is none of the above. Their secret is this: They've made the simple decision to always, and in all ways, listen to and trust their sixth sense to guide them in their career growth. The good news is that everyone has a sixth sense. Even better news is that it can be readily activated and put to use in your work world immediately. The best news is that this CD will teach you exactly how to do just that!

## Customer Reviews

Sonia Choquette gives solid, practical advice on these CD's. Not only does she tell you, in her engaging conversational style, how to be more attuned to your intuition, she also tells you how to apply your intuition in every day situations in a way that won't threaten your co-workers or lead them to believe you are nutty. She also presents information on how to make your work environment a more comfortable and creative place. I highly recommend this audiobook.

Sonia gives great advise on trusting your vibes at work. Great for everyone. She is very easy to understand. Thanks
