Ancient Knights: Book #8 Of The Sage Saga

Synopsis

With relations between Paragon and the Sages ruined, James seeks out alternative ways to win against the Cimmerian threat and bring the Solons to his side. Understanding his limitations and with time running short, he seeks out the help of warriors past - ancient knights that have been around since the beginning of time. But he soon learns that there is a reason for their disappearance, and their rising may only upset the balance. Meanwhile, Chloe and Kyran deal with the fallout from the events of Rise of the Sages, and Bastion begins to feel the consequences of his world-altering decisions. Catherine struggles not to change drastically in the new world and Remi's actions (from the Sorcerer's Ring) begins to affect Paragon at large. The Sage Saga continues in this sweeping tale of romance, political intrigue, betrayals, ancient knights, supernatural warriors, grand landscapes and powerful villains.

Customer Reviews

This book finally takes the Sages off on their own on Paragon in search of the Ancient Knights.

James has come to the conclusion that the Sages of old are now the Ancient Knights. The Sages are in search of the "Sage's Code". The values that James, Catherine, Arimus, and the others think the Sages of old lived by. They also seek the knowledge of what made them so strong and powerful. What has made them the Ancient Knights. Only once they set off to find them...did they bite off more than they can chew?Also, I absolutely HATE how so many books are so full of errors. I can honestly say that I only found 25-30 errors in this book. These include missing words, redundant words, wrong words, and misspelled words. It is so nice to see books with so few errors.Thank you Mr. Julius St. Clair for another fantastic hit with the Sages we have all come to love.....all because of your wonderful gifts and talent!

Enjoyed the fantasy. Great story and it keeps you coming back for more. I have read all of his releases for this series and even pre-ordered the one that won't be out until Dec, 2015.

I have enjoyed the Sage Saga series. It provides nice fantasy reading.

Enjoyed this entire series
