How We Got Our Bible

Synopsis

Where did our Bible come from? How good are the texts? Why do we believe its origin is supernatural? How do we know that it really is the Word of God? How accurate are our translations? Which version is the best? Chuck Missler, an internationally recognized Biblical authority, reviews the origin of both the Old and New Testaments in light of recent discoveries and controversies.

Customer Reviews

Very easy read and very informative. I have read several of Dr. Missler's books and he is a good writer.

The author did a great job simplifying the key reasons we can trust the Bible. It's short and easy to read.

A study of where we got our English translation and a look at Bible history
