Lord, Change Me

Synopsis

Are you truly serious about allowing the power of God to transform your life? If you are, then prepare yourself for an incredible, life-changing experience. Change is difficult, but it's made even harder without practical guidance on how to do it. You will find that guidance in *Lord, Change Me*. James MacDonald is serious about the business of change according to God's Word. While many tell us that we should change and be more like Christ, MacDonald actually teaches us how to do it. *Lord, Change Me* is split into three sections as the model for approaching change: The Preparation for Change: choosing the right method and partnering with God to select the areas in need of change in your life. The Process of Change: exploring the biblical method of saying 'no' to sinful patterns and 'yes' to the things God desires for you. The Power to Change: explaining how to experience the power of God personally and continuously. This is a book about a different you. There are no warm fuzzies within these pages. Rather, MacDonald is a direct, to-the-point pastor with a heart for seeing lives completely transformed by the truth of the Gospel. If you're serious about changing your life, this book is just what you need.

We all need to change. For the Christian, change, repentance, will be a part of our lives until the day that we stand before our Lord face-to-face. Sadly, for many, we have no plan for change and no process we intend to work through to accomplish life-impacting change. James MacDonald's book, *Lord Change Me*, is a helpful tool that believers can use to wade into the process of change. MacDonald writes very well on the issue of change. I specifically found his

handling of the issue of repentance to be strong. Unlike many modern authors, MacDonald does not merely address one aspect of repentance such as new thinking or behavioral change; instead, he addresses repentance from a broader and more biblical view. I would also add, among many positives, that MacDonald does the church a service by calling Christians to rely on God's Spirit, to take intentional action, and to have godly friends in order to walk through the process of change. **Negatives** There is little negative about this work. At points during the work, I felt that MacDonald left a bit too much of a door open to a "name it, claim it" view of change. I know, however, that this is not MacDonald's teaching and is rather simply an impression that some of the language gave me. I also found MacDonald's few comments in his book regarding the struggles that he had while working on "The Elephant Room" conference to be unhelpful. **Recommendation** I would eagerly recommend *Lord Change Me* for Christians who are ready to work on their lives for the glory of God. This book would make a useful group Bible study resource or an excellent tool for one-on-one discipleship.

In I Know, Lord. I Need to Change. Help Me, James MacDonald explored the transformation of changing that is only possible with admitting the areas in which you need to change. Next we have to repent and turn from them. Then we have to rely on the assistance of letting God change our hearts. The book had a whole list of areas readers might need to change. Some of these included: addiction, bitterness, fear, envy, negativism, low self-esteem, loner, sexual lust, worry, depression, anger, and many more. James MacDonald shared his own struggles and areas he needed to change, his anger and frustrations in his home life and business. He pointed out was the faulty methods of change and why people say they want to change and then why don't follow through. The book is divided into three sections, "The Preparation of Change", "The Process of Change", "The Power to Change". I would recommend this superb book on changing from the areas that are deeply effecting you to anyone who knows that their current life is heading in the direction that isn't where God wants them to be. This isn't a relaxed read because it's not an easy topic. This book will require you to put in the work to learn how to change. This book immensely helped me to realize the areas that I needed to change with God's assistance. Some of the areas were low self-esteem, being a loner, and letting fear to regulate my life. I had to confess my sins and admit my fears and concerns to God. I benefited from James MacDonald encouraging readers to declare out loud that they are dead to that sin. Satan enjoys people to believe that they are going to forever in bondage and they will never be free. But this is a complete lie from the enemy.
