Getting To Know Italy And Italian

Synopsis

Children ages 8 through 12 enjoy a guided tour of Italy, with Italian landmarks, culture, history, foods, and much more. The text is in English, but many of the illustrations are bilingual--and the last six pages present an introduction to Italian words and phrases.

Grade Level: 4 - 7

Customer Reviews

After my 1st grade daughter received her first "research" assignment, we searched through Books-A-Million, WaldenBooks, and Borders, and finally came across this series. Wonderfully written, colorful and full of great information! I am buying the other 3 titles in this series for her library (Spain, Germany and France). Barron's would be foolish if they didn't attempt to expand on this series with other titles; it could be easily sold to many schools that are truly interested in valuable education

A very basic book suitable for 3-6 year olds, with color pictures, some language, and basic demographic info. in an easy to digest format. Some how, I expected more detail. The book did not hold my 6 year old's interest for more than a couple of minutes.

This book is an excellent introduction to Italy for primary school aged children. It needs to be

updated so that variable statistics such as population are current and not 17 years out of date

Wonderful book to read prior to going to Italy! My eight yr old read this book prior to our trip and brought it with him on our trip....was a fun read

this is to fulfill a wish list for a Salvation army tree tag boy.I hope this is ok for the 6 year old.Lots of pictures anyway

it might be a little above the age group described but my kid loves the book and i think he has learned a lot from the book
