101 Facts... Dinosaurs. Dinosaur Books For Kids With Awesome Facts And Images. (101 Animal Facts Book 19)

Synopsis

IP Factly presents... "101 Facts | DINOSAURS!" Amazing facts and images of some of the most extraordinary animals that ever lived. Dinosaur books for kids - a fun and fascinating way for young readers to find out more about these incredible creatures. IP Factly's 101 Facts series has been designed to encourage and bolster independent reading. Our dinosaur books for children are particularly aimed at the 9-12 preteen age group. Fascinating Facts Include... The name dinosaur means "terrible lizard"™. Dinosaurs, however, are not lizards, but indeed a distinct group of reptiles. Dinosaurs that walked on two legs and were primarily meat-eaters are called theropods. Theropods are believed to be the ancestors of modern birds. The Iguanodon was the first dinosaur to be discovered. A Tyrannosaurus Rex could swallow up to 500 pounds of meat in one bite. Scroll up and Buy this book now - your child will love going back to it again and again.

Customer Reviews

This is a fantastic book filled with interesting and fun facts about Dinosaurs! Kids and adults alike will be entertained and informed with this awesome book about these amazing prehistoric creatures!

I really enjoyed this book and will be getting another one to sit on my son's bookshelf. Not only is it an attractive book, but it is very entertaining and filled with fun facts about dinosaurs. As a school teacher and a mother, I love when I can learn and have fun at the same time. Well, it is done with this book!

This book feels very basic compared to others I've read on this topic and only 9 dinosaurs are covered. I was disappointed that it was not up to the expected high standards I found in other ip factly books.

I think you should do a little better because it would be the best book I ever heard like it
